WELLMAN PARTY RESCUED AT SEA

The Wellman airship expedition across the Atlantic terminated in failure. At first the winds were favorable and it seemed that the daring aviators would succeed, but when the wind changed and the sea became rough trouble of all kinds began. The greatest difficulty arose from the aquilibrator, a sort of drag designed to keep the airship at a certain altitude. The rough waves caused this to pull and tug until the ship was almost wrecked. Finally the crew sighted a steamer and took to the life boat attached to the air ship. They were picked up and by means of the wireless telegraph communicated the story of their terrible experience. The air ship was abandoned and for some time to come there will be considerable interest in its whereabouts.

The airship made about 1,000 miles altogether and this establishes a new record in itself. Wellman thinks the experience gained from this experiment will be extremely valuable to aviators hereafter, and that in the near future one may cross the ocean.

Adjudged Insane.

This morning G. S. Lancaster of Vanoss was brought before Judge Barton and after an examination was adjudged insane. It is said that he has been slightly unbalanced for sometime and since his son has been in trouble has grown more so. In his examination this morning his mind seemed to be altogether on getting his son out of his trouble.

Thompson Held on Murder Charge.

Coalgate, Okla., Oct. 18.—Park Thompson, who is charged with murdering George W. English, chief of police, Oct. 1, was arraigned today before Justice of the Peace Wilson and held without bail to await action of the grand jury.

Hon. Jno. P. Crawford.

Hon. Jno. P. Crawford, the nominee for representative, has at all times proved himself one of the most active workers for the interests of the party and people of this section there is in the county. The best years of his life have been spent right here in Pontotoc county. He first located at Center and by hard work has built up one of the best law practices in this part of the state. However successful and busy he has been, he has taken time and spent money at every call when it was necessary to gain some point for the people of Ada and Pontotoc county. All during the fight for statehood and the campaign for the constitution he was at his post and no one ever accused him of shirking. The people want a man in the Legislature who can command the most influence possible, for the counties with the strongest representatives are usually the ones securing the best of everything, and in Jno. Crawford, Pontotoc county will have a man who will fill every requirement along that line. We don't think there are many democrats in the county who will scratch the ticket anywhere, and if they do, we are of the opinion that Crawford will not be one of the slow runners. The overwhelming endorsement given him in the primary, when opposed by two very strong men, speaks volumes for his popularity.

Runaway Boy Captured.

A few days ago B. O. Alexander, who lives about three miles from Konawa, was here in search of his 13-year-old son Guy, who had run away from home. He left a description of the boy and early this morning Chief Hounshell found him on the street. He held him pending the arrival of the boy's father. The boy said he had left home to make some money for himself. He has been picking cotton near Ada for some days past.

REPUBLICAN SPEAKING

Chas. F. Scott will address the voters of Pontotoc county tomorrow (Thursday) at 2 p. m.

Congressman Scott has represented the second district of Kansas for years, is chairman of the committee on agriculture and has a national reputation as a speaker. He will have something to say that will interest everyone.

Other speakers will accompany him and republican county candidates will be present. 167-11

CIRCUS ARRIVES THIS MORNING

GOLLMAR BROS. ENTERTAIN-
ING THOUSANDS TODAY

Gollmar Bros. circus came to Ada this morning. It arrived in thirty cars at about four o'clock this morning over the Frisco.

In spite of the early hour of arrival here, there were a good many interested spectators at the railroad yards to watch the job of unloading. The youngsters were especially excited.

The streets of the city were crowded before noon, men, women and children vying with each other for the parade. When the first wagons have into sight exclamations of "here they come!" "Look at the elephants" and the like were heard all along the line.

Gollmars always give the people their money's worth and the parade of this forenoon speaks well for the performances.

The parade was a big one and indicative of what was to be seen under the tents. There were fine horses, wagons, open cages and wild beasts—camels, elephants and two baby elephants, which of course were the delight of the youngsters. Then there were bands of music and the old time calipso which wound up the march.

The show grounds are at the ball park at the east end of Main street. Here the big canvas tents were erected, and seating capacity provided for the thousands of people.

The doors opened at one o'clock and the show began at two o'clock. The menagerie is in a tent by itself, as usual, but one price of admission pays for all. The animals with Gollmar Bros. are insured for \$75,000 with a London concern, and are valued at over \$100,000.

One superior feature of Gollmar Bros. show is its high moral plane. There are no hoochie-coochie side shows, no grafters are permitted, and not a single feature is introduced in the show that would offend anyone. This show exhibited here six years ago, and it has always maintained its high reputation.

The afternoon performance pleased a large audience, many being present from the country hereabouts as well as the people from the city.

It is an axiom with the Gollmar shows that its employees must be courteous. To answer questions is as much a part of their daily work as is the technical knowledge required to fill their respective places. These mannerisms mark the circus family unique, and the bearing of the great troupe had much to do with the filling of the great tent at the afternoon show.

Besides the thirty clowns which keep the crowd laughing, there are scores of amazing athletic stunts by acrobats, tricks performed by trained elephants, beautiful horses performing the most intricate evolutions to music, with all the grace of a ballet. There are three rings in the show, each one kept full all the time with some special attractions.

Perhaps the most novel feature of the entire show is the marvelous exhibition of trained intelligence of the den of seals. This is alone worth the price of the show.

Captain George Kent, from ice bound shores of far northern Siberia, has brought to this country a school of seals, which in themselves are a distinct novelty, but when you think of a seal trained to play on real brass band music, you will readily agree that the height of animal training has been reached.

Captain Kent has trained his seals to perform the most wonderful act of juggling, tossing and catching objects that is conceivable, and to finish his wonderful act one of them actually plays a tune on an ordinary brass band instrument. For three years this young man toiled with these dumb animals until now, they are possessed of almost human intelligence. The Gollmar Brothers circus gives another performance tonight, doors open at 7 o'clock, performance commences at 8.

Miss Nora Evans returned from a visit to her home in Shawnee.

Whose Feet

Sunday night a lively chase took place between the police force and a man by the name of Ralls. It is said that Ralls had taken on a drop or so too much. He was warned that he had better leave town and he started in a wagon. When he reached the vicinity of 16th street, however, in the neighborhood of the residence of Chief Hounshell, he became rather hilarious, and the chief got out of bed and took up the chase after the man. The wagon went down Rennie with the chief after it afoot. It turned west on 12th street, thence up Townsend and finally giving up hope of escape, Ralls surrendered to Night-watchman Brady. He paid a fine in police court and then came the question as to whom the fee for the arrest belonged to. It was finally decided that Brady was entitled to it.

HEADLESS BODY OF GIRL IDENTIFIED

Coalgate, Okla., Oct. 18.—Robert Dunlap, of Coalgate, has informed the authorities that he is convinced that the headless body of a girl recently found floating in a stream near here was that of his daughter who disappeared from her home Sept. 27, in company with a man whose name is not given. A search is being made for the man.

She was 27 years old and went away under peculiar circumstances. The family never has had any word of her whereabouts.

CACHE COUNTY FAILS OF NECESSARY VOTE

Lawton, Okla., Oct. 18.—By agreement between the opposing factions today the five outstanding boxes in the proposed Cache county were turned in to the Comanche county election board and the votes counted. The total returns show 1970 for county division and 1583 against, which lacks 161 votes being necessary 99 per cent of the total vote cast, 3,553.

The election was held Oct. 8 but Temple and Walter refused to turn in their boxes until the others did charging attempted fraud. Walter was named in the proclamation as the temporary county seat and it brought a mandamus suit to force the Temple box in. Temple secured the right of jury trial which was set for November 10. Later agreement permitted an immediate count. The Walter box showed a total of 783 votes cast, all but three for division. The highest number of votes ever cast before is less than 400. Temple also showed a heavy vote of 450, nearly solid against.

It is rumored that with county boundaries changed a new attempt at division will be made shortly.

Mortuary.

Gladys Taylor, the ten-year-old daughter of S. P. Taylor of the Lovelady community died of typhoid fever at 5 o'clock in the afternoon of the 17th. The remains were interred at Rosedale at 4 p. m. yesterday.

IS A HORSE A HORSE?

If you own a fine horse we know what you will say. If you ask us if soap is soap we will answer in the same manner. Soaps differ in every way as much as horses. TOILET SOAPS differ more than any other kind. Some are good; some bad; some indifferent. If you leave it to us we will sell you nothing but the Good Kind. The kind that will give satisfaction and will not chap or roughen the skin. We can recommend Wm. Rieger's Glycerine Soap as one of the best.

TROUBLE AHEAD FOR JOE McNEAL.

From McNeal's speeches it is easy
to believe that he is slightly dis-
pleased with the way the democrats
have been running the state, but if
either he or a republican paper has
ever told of a thing he would do if
elected, we have never heard about
it. He is running altogether on the
demerits, real or imaginary, of the
democrats. He might learn a les-
son on that method of campaigning
from the fate of Guthrie, his home
town. Instead of boosting and trying
to build upon its own merits, it has
tried to make progress by making
faces at Oklahoma City. Meanwhile
the last named has been gathering
up whole hatfuls of plums.

YOU VOTE FOR ALL.

The judges of the supreme court
and criminal court of appeals must
reside in certain districts, but are
elected from the state at large. This
year two judges of the supreme court
will be elected and all three judges
of the criminal court. Jesse Dunn
and M. J. Kane are the democratic
nominees for the supreme court, and
H. M. Furman, T. H. Doyle and Jas.
R. Armstrong of the criminal court.
Each democratic voter will vote for
all of these men. The best plan of
all, however, is to make a cross
mark under the rooster and thus vote
the ticket straight.

Some papers are hard to please.
Every new fashion the women adopt
they must poke fun at it. The latest
target for their shafts of wit is the
hobble skirt. The News man was
early taught that politeness demand-
ed that the ladies be given their own
way in most things, and we are per-
fectly willing to accord them that
privilege in regard to their manner
of dressing. There is only one thing
that tends to inspire a little profan-
ity in us, and that is a three story,
two bushel hat that cuts off all view.
Outside of that, ladies, the News is
always pleased with any and every-
thing you do, for we have almost
confidence in your judgment.

Democratic editors did not have oc-
casion to hunt up the roosters two
years ago after the presidential elec-
tion, but they are now rubbing the
dust off the cuts they used after the
statehood election three years ago,
and the whole bunch will be set to
crowing early on the morning of No-
vember 9.

This "turn Oklahoma loose" cry
coming from certain quarters recalls
to some of us old timers the Hogg
and Clark battle in Texas way back
in '92. The people refused to turn
Texas loose and they have been
mighty all-fired glad of it ever since.

It is better to take a little well
meant criticism in a good spirit from
a friend than the biting criticism of
any enemy. By taking the first in the
good spirit in which it is offered,
one may escape the latter altogether.

What has become of the campaign
howl the republicans were making
last year about looking at your tax
receipts and then voting?

Says an exchange: "When a man is
buried in oblivion, the undertaker is
knocked out of a job." Not always.
Usually that is the time the man
feels like giving the undertaker a
job.

A few days ago at Oklahoma City
1,000 people joined in a chase after
a hack driver who was hauling a
barrel of contraband beer. Must have
been a dry crowd.

It doesn't pay to be too confidential
with any one, for the friend of to-
day may be the enemy of tomorrow.

OKLAHOMA CITY PREPARING FOR COMMISSION GOVERNMENT

The first step towards adopting
commission government, electing free
holders to draft a charter, was tak-
en at Oklahoma City yesterday. Only
about 3,000 votes were polled, and
the non-partisan ticket was chosen.
It will be remembered that the
charter prepared on a former oc-
casion was voted down by a small
majority, that is the returns show-
ed that to be the case, but fraud
was charged, and the advocates of
commission government decided to
make another effort.

I. O. O. F. GRAND LODGE ADJOURNS

Stillwater, Okla., Oct. 18.—Between
400 and 500 delegates and visitors
are now here attending the Odd Fel-
lows grand lodge. Every train brings
additional delegations from all over
the western part of the state. The
grand encampment adjourned this
afternoon to meet in Oklahoma City
in April, where the Indian Territory
encampment will also meet, the two
to form one jurisdiction. This vote
on the consolidation proposition was
as follows:
Oklahoma jurisdiction, 213 for, 11
against; Indian Territory jurisdiction
117 for, 11 against. The Indian Ter-
ritory grand encampment will meet
at McAlester, April 11, 1911, and af-
ter concluding its business, will ad-
journ for Oklahoma City, where the
consolidation ceremonies will take
place at once.

At today's meeting, which was at-
tended by 82 accredited members, five
charters were ordered issued to as
many new encampments. An im-
portant step was taken in the in-
struction by resolution of the grand
representatives to the sovereign
grand lodge that they work in be-
half of making the patriarch militant
degree the fourth degree of the grand
encampment.

Concrete-Steel Railroad Ties.

The American Concrete & Steel
Railroad Tie Co., B. M. Bullard, pres-
ident, Missouri Trust Bldg., St. Louis
sends the Manufacturers Record a
report on its plan for building fac-
tories. This company writes: "It
will depend entirely on the location
of the different plants as to their
cost. We have to select a location
where sand and gravel will be eas-
ily obtained at a small freight cost.
The company can afford to spend
\$150,000 for a plant with a capacity
of 2000 cross-ties per day. All these
buildings will not be elaborate or
expensive, chiefly of corrugated iron
and cast-iron columns. The main
cost is in the machinery, which con-
sists of hydraulic presses, drykilns,
etc. The ties, being cured by steam
after leaving the press, enables us
to put them on the market several
days earlier than to be cured oth-
erwise. The space required will be
from five to eight acres. This in-
cludes the main building, sheds, of-
fices, etc. Each plant will employ
about 500 men per day to turn out
the above amount of ties ready for
the roads. There will be a chain of
these plants established throughout
the United States, all on about the
same order."—Manufacturers' Record

An Undecided Indian.

Sometime ago Galloway Lewis, an
Indian, contracted to sell a tract of
land to C. H. Rives for the sum of
\$1,500. Later he found another pur-
chaser who promised him \$1,700 and
that looked mighty good to him.
Rives insisted on his complying with
his contract, however, and this morn-
ing through the county judge tend-
ered him the \$1,500. The Indian felt
rather uncertain. That pile of green
backs looked exceedingly tempting
but then there was the possibility
of a little more, although it was not
yet in sight. Finally after consid-
erable deliberating, he decided that
a bird in the hand is better than two
in the bush, and pocketed the \$1,500.
Judge Barton does not monkey
with checks in affairs of this kind,
but demands the "long green" it-
self.

\$3,000 IS MISSING
Muskogee, Okla., Oct. 18.—M. Ware,
depot agent for the M. K. & T. rail-
road and agent for the American
Express company at Choteau, Okla.,
disappeared Saturday night and this
morning when auditors for these
companies opened the safe, they
found it stripped clean.

Three thousand dollars is missing.
Half of this was in the hands of the
express company in transit from
Muskogee to a bank at Choteau and
the other half was money received
by the station agent.

Mr. Hawkins and son, and Chas.
Lanham were up from Scullin this
morning.

Gov. Byrd returned yesterday from Dallas where he had been taking in the fair for several days.

Ben Covington of the Colbert community was a Frisco passenger to Sasakwa yesterday afternoon.

J. A. Babb of Shawnee passed through on his way home from Mill Creek where he had organized a Yee-man lodge.

Richard Flood takes another half page ad today to remind the people how near at hand is the big auction sale of the Dan Hays addition.

Ed Dupree, a prominent stock dealer of Colorado City, Colo., arrived today with a car of mules which he will sell to the people of this section.

R. E. Haynes, the hardware man, has a half page in this issue in which he gives the people some idea of the quality and quantity of goods he has to sell just now.

On the 26th of September W. M. Bynum, the agent of the O. C. filed suit against his wife, Mrs. Eliza Bynum, for divorce. She arrived at Ada today and it is understood will file a counter suit, and ask for alimony and the custody of her children.

The democratic committee has arranged dates for meetings all over the county. The first speaking will take place Saturday, Ada, Roff, Francis, Allen, Maxwell and Bebee being the first on the list. There will be no let up from then until election day.

The republicans held a little smoker and conference last evening. They are planning for a big time tomorrow when Congressman Scott of Kansas will speak in behalf of the party.

R. H. Fuller, who formerly lived at Franks, is in town today. He has lived at Rosedale for the past year, but says he does not like that part of the country. He will move to a place near Center in a short time.

Go to the Pastime Thursday night and you will see two of the greatest photoplays out. One Biograph, the other Melies. They are certainly hummers and will keep you in a jolly good humor the balance of the week.

Don't forget that Congressman C. D. Carter will address the voters of Pontotoc county at Ada Saturday afternoon. He will be at Stonewall Friday evening and at Roff Saturday evening. He has made good as a congressman, and deserves the best at the hands of the people that they can give him, both as to a hearing for re-election.

Gore Writes About Free Delivery.

In reply to a letter from the secretary of the 25,000 club thanking him for his interest in the matter of securing free delivery for Ada. Senator Gore writes:

"I have your favor of recent date relative to the free mail delivery. I would suggest, that you and your city council get busy at once, as I have already received word from the department that this matter would be looked into at once. So get busy and keep busy, and when the inspector gets there show him your city, and its prospects."

Today's Crowd.

Of course a circus brings a good crowd to town and today's crowd is made up of people from every quarter of the county. There has been no disorder and if there has been any grafting or skin games we have failed to hear of it. In fact, we heard Mr. F. J. Ford, the legal adviser of the show advise Judge Powers to give any one connected with the show the limit of the law if apprehended in any shady work.

Large as the crowd is, however, it is often almost as large on a busy Saturday.

Five Miles of Paving for Tulsa.

The city council of Tulsa has in hand the matter of letting the contract for five miles of additional paving. It is estimated that it will cost something like \$200,000. About the same amount was let a few months ago and now about completed.

The Cotton Market.

There has been little change in the cotton market since our report yesterday. Today it has been selling at prices ranging from 13.85 to 14.15.

All you who have torpid liver, weak digestion or constipated bowels look out for chills. The season is here and the air is full of the disease germs. The best thing to do is to get your liver in good condition and purify the stomach and bowels. HERBINE is the right remedy. It answers the purpose completely. Price 50c. Sold by Ramsey Drug Co.

You appreciate how uncomfortable the kitchen is these warm days? It will be worse as you advance further in the summer. Why not use electricity and be cool? You can cook, bake, operate your sewing machine, wash and iron. In fact, there is nothing which cannot be accomplished with electricity that is accomplished by either gas or an ordinary range. It is odorless, no heat, no smoke simply press the button and we do the rest.

A MISSISSIPPI ENTHUSIAST

Mrs. Lena Gresham, of Clinton, Miss., Has a Few Facts to Tell Our Readers About Cardui.

Clinton, Miss.—"Thanks to Cardui," writes Mrs. Lena Gresham, of this place, "I have been greatly relieved."

"I suffered for three years from female inflammation, and had taken medicine from four different physicians without much benefit."

"I have received more benefit from seven bottles of Cardui, than from all the physicians."

Just try Cardui. That's all we ask. It speaks for itself. It has helped so many thousands, it must be able to help you.

Trying Cardui won't hurt you. It is safe, harmless, gentle in action, and purely vegetable.

If you are weak, tired, down and out, try Cardui.

If you are sick, miserable, and suffer from womanly pains, like headache, backache, dragging feelings; pains in side, arms, legs, etc.—try Cardui.

It is the medicine for all women.

It is the tonic for you.

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

SET OF WARE FREE

If you call at our store during our MAJESTIC DEMONSTRATION WEEK and allow us to show you the many advantages and superior qualities of the GREAT and MAJESTIC RANGE, and will purchase one at the regular price, we will give you FREE the beautiful and useful Souvenir Set of Ware illustrated in this advertisement. This ware is made to match the quality of the Majestic Ranges, and we know all ladies will see the beauty and utility of this set, especially the first three pieces, which are entirely new and cannot be had alone by purchase, except at a very high price. The prices of Majestic Ranges are the same, but we give the SET FREE with each Majestic Range bought during the Demonstration week only.

SOUVENIR FREE To any person (not children) who will allow the Majestic Man to show them the merits of THE GREAT MAJESTIC RANGE during demonstration, will get a useful and beautiful souvenir FREE.

Reasons Why The Great Majestic You Should Buy

- 1st. It has the reputation of being the best range money can buy.
- 2d. It not only has the reputation but IS the best range made, and we will prove this to you if you will let us.
- 3rd. It is constructed of malleable iron, material you can't beat, and of charcoal iron, material that resists rust 300 per cent greater than steel, is riveted together air tight. No heat escapes or cold air enters the range, thus uses very little fuel to do perfect work.
- 4th. The reservoir alone is worth the price of range over any other reservoir made. It boils 15 gallons of water; is heated like a tea kettle, with pocket against left hand lining, and is movable and sets on a frame, hence cannot wear out. When water gets too hot it can be moved away from fire.

Majestic ranges use less fuel; heat more water—and heat it hotter; costs practically nothing for repairs; lasts three times as long; bakes better; easier to keep clean and give better satisfaction than any other range on the market. If you know positively that the above statements are true, wouldn't you buy a Majestic at once? Come in Demonstration Week and we'll prove it to you.
